Antiracism

IS NOT: rocket science.

IS: active love of neighbor.

How social work is taught at the university

- Study materials consist of 73 books and 9 scientific articles.
- No historical context, but past tense is used.
- Euphemisms

What we need NOW:

- more research
- better tuition
- ambitious strategic work
- independent studying
- interacting with customers

Interacting with customers holistically consumes just as much time and other resources as interacting with them in a prejudiced manner and stereotyping them.
